

HISTORY OF ARCHITECTURE

This program offers the students the chance to study history of Architecture with expert lecturers and researchers and, at the same time, visit the locations to illustrate the lectures. Tarragona and its surrounding area is a unique location when it comes to history of Architecture, with a rich and well preserved architectural heritage.

During the weekend, students can use their free time to explore Tarragona and Reus, the cities in the area, Barcelona (only one and half hour away) and other attractions in the region, such as the sandy beaches or natural parks.

The program will focus on lectures that will be complemented with the visits, focused on the following contents:

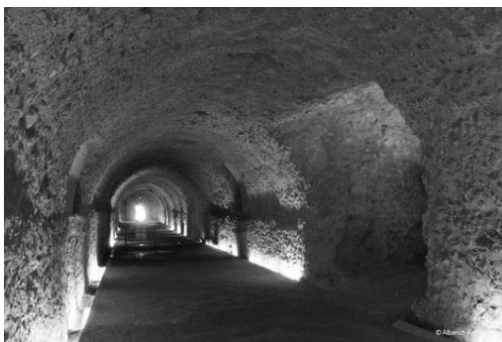

- Roman Heritage
- Modernism/Art Nouveau
- Modern Architecture (Rationalism)
